Contract No. 7712-1/20-1 POWER GENERATING & PUMPING SYS PRE-QUAL

I. Purchasing Instructions

A. Award Description

Vendors pre-qualified under either Group A or B will participate in spot market purchases as required by the County on either an as-needed or on a periodic basis. When such spot market purchases are initiated, the pre-qualified vendors shall be invited to offer a fixed price for a specific individual purchase, or a specific maintenance or repair service. The vendor then offering the lowest fixed price shall be awarded the specific purchase. The award to one vendor does not preclude the awarded vendor from submitting spot market offers for other specific purchases.

It shall be the sole prerogative of the County as to the number of vendors who will be included under either Group. During the term of this contract, the County reserves the right to add or delete vendors as it deems necessary in its best interest. If the County elects to add vendors, they must meet the same minimum qualifications established for the original solicitation. Spot market pricing procedures may be initiated by either the using County department or by the Internal Services Department (ISD), Procurement Management Services Division.

B. Groups

- **GROUP A: Maintenance and Repair Services:** Departments can purchase maintenance and repair services for power generating and pumping systems from pre-qualified vendors whose insurance has been approved by ISD Risk Management Division.
- **GROUP B: Purchase of Parts:** Departments can purchase parts for power generating and pumping systems from pre-qualified vendors designated as authorized dealers or distributors of Original Equipment Manufacturer parts. Should the prequalified vendor(s) become a manufacturer approved, dealer or distributor of a manufacturer that conforms to the contract's specifications, the vendor may submit proof of their firm's designation, in accordance with Paragraph 2.6.2, for the County's evaluation and possible addition to the prequalification pool.

Quotation Directives

- 1). Contract Instructions (Re: ITB Paragraph 2.6) When a spot market purchase is initiated, pre-qualified vendors shall be invited to offer fixed pricing.
- 2). ALL quotations issued under this pre-qualification contract must utilize the current and active "terms and conditions" in place that includes the latest legislative changes. Please refer the Procurement Management link (<http://www.miamidade.gov/procurement/itb-terms-conditions.asp>) to retrieve that latest version of the current T&Cs.
- 3). All quotations issued must be provided to the Small Business Development Division (SBD) of the Internal Services Department for placement on the Cone of Silence Report upon advertisement. Once an award recommendation is made, SBD must be notified in order to remove the competition from the report.

Emergency Orders

Vendor(s) shall provide 24 hour, 7 day a week emergency service to the County under the contract. During regular work hours (Monday through Friday, 8:00 A.M. to 5:00 P.M.), emergency service response time (defined as the time from acknowledged notification to arrival on-site) shall be within two (2) hours after notification by the County. During other than regular work hours, the emergency response time, as defined above, shall be within two (2) hours after notification by the County.
